

# “Learning in Oxford”

A Sharing Session given by Miss Vivid Lam

MBA, Oxford

Senior Manager, HSBC

17th February 2015 (Tuesday)

Before departing for the UK Learning Programme during which students will be visiting the University of Oxford, the College had invited Miss Lam to share with us her learning experience at the University of Oxford.

“I was impressed by Miss Lam’s sharing on the learning atmosphere and learning styles of students in the University of Oxford. I learnt that we should be more assertive and expressive in the lessons; and that learning takes place when we raise questions and interact with the professors and classmates. Moreover, we should make good use of the advanced technology and read more books in order to widen our vision and knowledge.”

Student - Associate in Business Administration (Year 2)

“Miss Lam shared with us about the origin of the University of Oxford. These inspired me that we may do some research on the interesting past of Oxford before we go for the UK learning programme. I am also interested to know more about the similarities and differences between Cambridge and Oxford. In addition, she talked about the culture of Oxford (e.g. the long tradition of academic dress and high table). I look forward to feeling the learning atmosphere at Oxford!”
